PERSONAL RECORD / ENGLISH TRANSLATION

Samsung–UNAM First-Place Recognition

Miradas al Mañana · 29 June 2026

Awarding institutions

Samsung México and the **National Autonomous University of Mexico (UNAM)**, through the Institute for Research in Applied Mathematics and Systems (IIMAS), grant this recognition to:

Vania Janet Raya Río

for achieving **FIRST PLACE** in the **“Miradas al Mañana”** competition: Essays on Artificial Intelligence and Responsible Technological Design, with the essay entitled:

“Seeing with the Hands, Hearing with the Eyes: Accessible AI in Samsung Screens for Inclusion and Sustainability.”

Issued at Ciudad Universitaria, Mexico City, on **29 June 2026**.

Signatories

Shawn Lee — Corporate Vice President and President of Consumer Electronics, Samsung México.

Ramsés Humberto Mena Chávez — Director, Institute for Research in Applied Mathematics and Systems (IIMAS).

Spelling note: The provided Spanish certificate spells the recipient’s surname “Río” without the final “s”; the translation reproduces that spelling exactly. Other supplied UNAM documents spell the surname “Ríos”.

Unsigned translation statement. I, Vania Janet Raya Ríos, state that the English text is a faithful translation of the Spanish-language document reproduced in the annex. This is an unofficial, unsigned translation for reference purposes only; it is not certified, notarized, or issued in English by the source institution. For formal admissions or legal purposes, the receiving institution may require a certified translation.

The Spanish original appears on the following page(s), identified as an annex.

SAMSUNG

iimas 50 ANIVERSARIO IIMAS UNAM

Samsung y la UNAM, a través del **Instituto de Investigaciones en Matemáticas Aplicadas y en Sistemas,** entregan el presente reconocimiento a:

Vania Janet Raya Río

por haber obtenido el **PRIMER LUGAR** en el concurso **MIRADAS AL MAÑANA: ENSAYOS SOBRE INTELIGENCIA ARTIFICIAL Y DISEÑO TECNOLÓGICO RESPONSABLE,**
con el ensayo titulado
Ver con las manos, oír con los ojos: IA accesible en pantallas Samsung para inclusión y sostenibilidad.

Ciudad Universitaria, Ciudad de México, a 29 de junio de 2026.
