## Course status and explanation

The source records all examinations as “ORD” (ordinary examinations). Type “OBL” means compulsory; “OPT” means elective. Grades are reproduced as numbers or “AC” exactly as shown in Spanish (the source does not expand the abbreviation “AC”). Periods are preserved verbatim. Group and grade-sheet folio numbers are omitted from the public translation, and the original annex is redacted accordingly.

## Completion status

**COMPLETED [11]: Completion of studies (100% of academic credits).**

## Official-record disclaimer (translated from source)

“This Academic History shows the record of subjects in which the student enrolled, as well as the grades obtained. The official average for passed subjects will be stated in a Partial or Complete Certificate of Studies or in a Certificate of Credits and Average, in accordance with the curriculum and University regulations.”

**Important:** The original explicitly labels itself “Documento no Oficial” (unofficial document). This translation is also unofficial and does not replace a sealed or certified academic transcript.
